EDULETICS INTERNATIONAL – A BRITISH SCHOOL - **REPORT**

In 2024-25, the school touched new heights and was able to finish self-assigned tasks for the betterment of students and society.

1. THE STRENGTH OF SCHOOL

In the academic year 2024-25, new students taken admission in the year 2024-25. The strength of 138 students is the actual figure excluding the students taken Transfer Certificate in the same Academic Session i.e. 2024-25. One should mark it as a great success viewing the facts that many good schools of different brands are completing to slow down the graphs for schools all around. Eduletics International – A British School, Patna could achieve this milestone only because of hard and honest execution of assignments from teachers, staff & management.

2. TEACHING STAFF

Teachers are not only pillars of education but also a partner to the institution in a way that without their support, the growth is practically impossible. It is well said that organization are not made with bricks and amenities rather perception of mankind. To carry it forward, we started with 21 teachers in the year 2024-25 and 25 more were added to make a team of 46 Scholars to guide our Children.

4. TRANSPORT

The school functions only when students and teachers are brought to the venue which is made possible by the School's Transport Fleet. The transport system is not only helpful in committing the teachers and students but also acts as a moving hoarding. We are fortunate to have a wonderful set of 24 buses to cater our students in 2024-25.
